Career Objective:

Seeking a challenging yet rewarding career with a progressive organization that provides the opportunity for development.

Career:

Duration	Job Title	Company Name
July 2022 - Present	Front End Developer	Informax Technology Limited
Aug 2021 – June 2022	Front End Developer	Walton Digi-Tech Industries LTD
Feb 2021 – Jul 2021	Front End Developer	Netizen IT Limited

Technical Skills:

Expertise: React, Next.js, JavaScript-ES6, Redux, REST API, React Router, HTML5, CSS3, Bootstrap, MaterialUI, Formik

Comfortable: Node.js, MongoDB, Express.js

Familiar: Stripe, SSLCOMMERZ, Tailwind CSS

Tools: Git, VS Code, Chrome Dev Tools, Heroku, Netlify, Firebase

Professional Experience:

Front End Developer

Informax Technology Limited

<https://online-insurance-portal.netlify.app>

July 2022 - Present

Developed Insurance Portal and Admin Panel for Reliance Insurance Limited. We used Next.js for the client side and React.js for Admin Panel. For payment, we used SSLCOMMERZ Payment Gateway. For form validation formik form and Yup package.

Technology: Next.js, React.js, MaterialUI, Formik

Front End Developer

Walton Digi-Tech Industries Limited

<https://waltondigitech.com/choose-my-pc/make-my-pc>

Aug 2021 – June 2022

Make My PC is a web app I developed for Walton Digi-Tech Industries Limited. In this project, I had to create multiple reusable components that render based on other components. This app can generate a shareable link of the user's selection. This app can also generate an invoice of the user's selection and print it.

Technology: Next.js, MaterialUI

Front End Developer

Netizen IT Limited

<https://ar-student-portal.netlify.app>

February 2021 – July 2021

Student Portal is a website for students where a student can view their progress reports, class routines, etc. For this project, I had to create multiple responsive data tables.

Technology: React, Bootstrap, Prime React, Fontawesome.

Pet Projects:

Online Cinema Ticket <https://ar-cinema-hall.web.app> | <https://github.com/ArzuAshik/cinema-hall>

1. A full-stack website where users can book ticket for upcoming cinema.
2. User can login with google.
3. Can search movie with date and time.
4. Available, Booked and Selected Seats have different color.
5. Booked seats are not clickable.
6. A user can book up to 10 seats at a time
7. After confirm booking user will get a PDF file with detailed booking info.

Technology: JavaScript, React, Bootstrap, Node.js, Express.js, MongoDB, Firebase Authentication, Heroku.

Academic Background:

Degree: Diploma in Computer Technology (2016 - 2020)

Institute: Bogura Polytechnic Institute, Bogura

CGPA: 3.51

Languages:

- **Bangla:** Fluent in Bangla
- **English:** Workable knowledge in English

Address:

Buzruk Baria, Shabgram,
Bogura Sadar, Bogura
